## CONNECTICUT SUN vs. SEATTLE STORM

### KEYARENA | MAY 28, 2016

STORM HEAD COACH **JENNY BOUCEK** .....

**(On the importance of a win like this for a young team)**

"It's always fun to win but we will always focus on playing to our potential. We are going to go break down this film and they will get more feedback than they are expecting. It's still more fun after a game because it's our goal to get better after every game regardless of the results. We want to learn from what just happened. I know there is a lot to be learned from this game. We will keep trying to learn from it, but it helps a young team to get some wins every now and then to reinforce what we're doing and how we're doing it. It's good for the morality, no doubt about it."

**(On the importance of finishing)**

"Young teams are notorious for struggling to finish games. You can look at team after team. Putting yourself in position to win games is the first step and then it's a huge next step to figure out collectively how to close games and we have a long way to go, but I'm happy that we did close out this one."

STORM GUARD **JEWELL LOYD** .....

**(On her performance at the first home win)**

"It means a lot. This home win keeps us motivated and hungry for the rest of the season and gives us a lot of momentum. We've been working so hard to protect home floor and to have a game like that happen here where we had stretches and then came back, we had to sustain our energy. I give credit to my teammates for setting me up and setting screens for me."

**(On Crystal's performance)**

"It's awesome. When she plays like that at high level, it motivates us as a team. She comes out with so much energy and puts a lot of pressure on the defense because they have to respect her and now from the three. She hit that three and it carried over for all of us."

STORM CENTER **CRYSTAL LANGHORNE** .....

**(On hitting shots)**

"I was just trying to be aggressive. I was just trying to have the mentality of filling the void of whatever is needed and we know people are going to be loading up on Stewey and Jewell every night so I'm just trying to do my part."

**(On maintaining a strong offensive identity)**

"We have a very good offensive team. When we move the ball and get in a flow, it's really good for us. Getting in the gym and working on the little things really helps us prepare for these games. We can definitely play better than we did tonight so we're going to use this as a stepping stone."
