

VISITOR QUOTES

MINNESOTA LYNX vs. SEATTLE STORM
KEYARENA | JUNE 19, 2016

LYNX HEAD COACH CHERYL REEVE

(On tonight's game and key to break-away in second half)

"Clearly Seattle came out in the first quarter and we couldn't stop them. We just talked at halftime about how we had to be better defensively. We didn't want to give them those big runs. Defensively we turned it up a little bit. We dictated a little bit more than we did in the first half. We cleaned up some of our schemes and that allowed us to get in a flow on offense."

LYNX CENTER SYLVIA FOWLES

(On taking over in the second half)

"Seattle came out very hot and there isn't anything you can do about that. All we could do was play our game and do what we do best and I think we have a better concept of what we have to do in the second half and we just stuck with the game plan and got it done that way."

(On taking on LA on Tuesday)

"We don't know yet. We're going to enjoy being 12-0 for now and then we'll think about LA."

LYNX FORWARD MAYA MOORE

(On being resilient and tonight's win)

"Seattle is a tough place to play. They are a team that run their sets well and hard. They push it in transition and we had to adjust to what they were trying to do and stay with our game plan and execute it. The depth of this team really showed through in those moments to get some big plays including Renee with those 10 assists, Natasha coming in and being 100 percent from the floor and the free throw line, Janel hitting a big three, Sylvia being that constant for us inside; just different people stepping in at big times."

(On the 12-0 record and this moment)

"That's all you can ask for is to keep your destiny in your own hands in a sense. It's up to how we want to come out and play. The year is set-up perfectly for us to be able to go out and go get it if we want it. We're excited to play this next game and the momentum that we've built throughout the course of the season but especially this last game, finishing the way we did as a team. It feels good knowing everyone can and wants to be involved."
