

VISITOR QUOTES

DALLAS WINGS vs. SEATTLE STORM

KEYARENA | JUNE 30, 2016

DALLAS WINGS HEAD COACH **FRED WILLIAMS**

(On the game)

"I thought both teams fought really hard back and forth throughout the whole game with good shooting. There were a lot of situations where defensively, both teams really got aggressive with each other. It came down to the last minute or so for both coaches to figure things out and what to do. It was a good-fought game and could've gone either way."

(On Aerial Powers' game)

"She played with a lot of energy tonight. I thought she was on rhythm, especially in transition. She was being aggressive shooting her jump shot. I told her to go out and just relax and play. She had the opportunity to pretty much go one-on-one, shake and bake and shoot her shot. She still made a few rookie mistakes defensively with some fouls, but she made it up on the offensive end."

(On preparing for their next game on Saturday)

"We'll have to ice down tonight then watch some film tomorrow on the plane. When we get back home, we have a quick practice with not too much run up and down. We'll watch film and prepare mentally for the next day. We play every other day pretty much for the next three weeks so there's not a lot of daytime practice for us. We will have a lot of shooting, walkthroughs ... it's all mental right now. We'll have mental practice with the film session and apply it to the game."

WINGS FORWARD **AERIAL POWERS**

(On the game)

"We were hustling and had fight. We kept fighting runs from both teams, back and forth, back and forth, but we kept our composure, made some good plays down the stretch and came out with the victory. We have to take this momentum into our next game."

(On her altercation with Jewell Loyd)

"What happened was it was a tie up and the ref called it then (Jewell) pushed me so I just reacted the wrong way. I guess the next time I'll just walk away. It is what it is when you're in the moment. It's not like we got into a fight so I was surprised there were (technical) called."

(On her big 3-point shot in the final minute)

"We got a loose rebound then the shot clock went back to 14 (seconds) I think. (Skylar Diggins) just drove then passed to Karima (Christmas) and Karima hit me. Luckily I was wide open and got a great extra pass then had time to knock it down. It was not drawn up at all so I'm happy with the way it went."
