DALLAS WINGS vs. SEATTLE STORM

KEYARENA | JUNE 30, 2016

STORM HEAD COACH **JENNY BOUCEK**.....

(On her assessment of the team's midseason development)

"I think we are getting better. I think even from last game to this game we got better. Some of the things that we have been focusing on we are showing improvement in. So I think we are getting better we are trying to stay focused on our process. All these close games come down to who makes the plays down the stretch and who doesn't. But we are playing well enough to position ourselves to beat some of the top teams in the league, play-off teams. Teams that have been together for a while. We had those chances tonight."

STORM FORWARD **BREANNA STEWART**

(On what resulted in the loss)

"What coach said in the locker room was the team that made more plays down the stretch. They made more plays than us. We had some good looks at the basket and then some things that didn't go our way. Stepping out of bounds or the ball rolling off Jewell. This was a win we wanted to get on our home game stretch so this stinks a little bit, but we have a road trip coming up that we have to focus on."

(On her last second play in which she stepped out of bounds)

"I didn't think I stepped out of bounds. Probably at the angle my foot was over the line, I don't remember my heel touching. It's a hard call. I haven't see it yet so I don't know."

STORM GUARD **JEWELL LOYD**.....

(Overall thoughts on tonight's game)

"We competed really hard, we had stretches but were really stagnant near the end. It came down to them making one more play than we did."

(On her confidence level on road-trip next week)

"We are still very confident. We know that we should have had this win. These are ones that we have to win at home, when it gets really close. We are playing better and have taken steps having played and won some games. We are a team that goes back to the drawing board, we compete in practice, then we take the momentum from practice and carry it in to the games."
