## WASHINGTON MYSTICS vs. SEATTLE STORM

### KEYARENA | JULY 15, 2016

MYSTICS HEAD COACH MIKE THIBAUT.....

**(On tonight's game)**

"We were awful and they were really good. We could see it coming with the momentum after the first quarter. Watching Seattle on tape the last couple of games, we could tell they're getting better and they took it out on us."

**(On what needs to change going forward)**

"We have stuff we need to fix – X's and O's, everything. And we can't count on going home because we have New York and L.A. next. We have a lot of inward searching to do about what focus and what hard work are. Seattle is starting to get it with their young players and they have good leadership and you can see it."

MYSTICS CENTER **EMMA MEESSEMAN** .....

**(On tonight's game)**

"We just weren't good out there. We missed layups and easy shots – it was just a bad day. Even on defense, everything went wrong and there was no communication. Everything that could go wrong did."

**(On Seattle's defense)**

"We know they play hard and play aggressive. We knew it, but in some ways weren't prepared for it. We thought it was going to be like last time when we the outcome was different. Every game has to be fought and we didn't come out and do that."

**(On going home for the first time this month)**

"It has been a long, tough trip without getting any wins so we hope to end this first half of the season with some wins. We need it and we'll get some practices now and have to prove to ourselves, our coaches and fans that we are a good team and can get those wins."
