

HOME QUOTES

**SAN ANTONIO STARS vs. SEATTLE STORM
KEYARENA | JULY 20, 2016**

STORM HEAD COACH JENNY BOUCEK.....

(On focusing on defensive skills at practice)

"We were solid defensively most of the game. It took us a little while to break through offensively but we did break through and get our offense geared up the way we wanted it to look. In the fourth quarter we played with a little more pace and movement offensively. We took some of the hesitation out that we had in the first half."

STORM FORWARD BREANNA STEWART

(On overall performance)

"The fact that throughout the whole game there were ups and downs but we were able to stick with it and get the win was very important – especially with it being the last one at home before the break. We want to make sure we finish things right before we go into the break."

(On key to fourth quarter run)

"Pushing the ball and playing with our tempo was huge in the fourth quarter. We really locked-up defensively and didn't let them get what they wanted."

STORM GUARD JEWELL LOYD.....

(On what worked)

"We came out with a really good start today. We came out with a lot of energy. It really helped with it being kids' day because the kids come out with a lot of energy, too."

(On key to fourth quarter run)

"Right before we came out, Alysha told us it was just like a drill from practice. We knew if we got rebounds they weren't very good on transition defense so we really pushed it. Every possession we want to have great shots. It makes teams work if we can get a great shot off every time."
