

## **Seattle Storm Quotes**

### **Head Coach Jenny Boucek**

*On tonight's game:*

“Every game is big this time of year. Since we’ve been back from the break we’ve been in playoff mode. Every game matters and we are fighting to get in, and fighting to get better every game. We don’t want to have any regrets. I think this team is really enjoying playing with each other and we don’t want the season to end.”

*On Swin Cash:*

“Win or lose, I was just very thankful. She was a joy to coach. I used to joke with her that *win* is even in her name. It’s apart of her name because that embodies who she is. She’s a winner. She is a phenomenal teammate on and off the court. To see the loyalty and depth of her friendships that have come from her time in Seattle; it transcends sports.”

### **Breanna Stewart**

*On her mentality for the rest of the season:*

“We are taking the approach that it is ‘must win’. Sure there’s a little cushion but we would rather have a secure spot.”

*On coming back from Rio:*

“It’s really motivating to be able to go to the Olympics, win the Gold and then bring that back to Seattle. Now it’s motivation to make this push. Seattle hasn’t made the playoffs for a couple years now and it would be huge.”
